### SENATOR PENROSE

Does Not Say He Would Not Accept the Republican Nomination for President.

BY ASSOCIATED PRESS  
DENTON, Tex., Nov. 18.—Boise Penrose, United States senator from Pennsylvania, Thursday made the following statement concerning reports last night from San Antonio, Tex., that he would announce shortly his candidacy for the Republican nomination for the presidency.

"I have been mentioned for the presidential nomination next year but there is no authority from me for the statement from San Antonio last night that my announcement is shortly to be made. As a matter of fact there are no candidates for the Republican nomination other than complimentary votes and boosts for favorite sons, and for neighboring states' favorite sons, and the probability now is that the question of a nominee will be quite unsolved until the convention has acted. Some of the greatest Republican presidents have been of such convention nomination. Lincoln, Grant and Hayes, not to mention others, have been in this class."

## This Is Why You Should Buy Real Estate in Clarksburg

Our experience has been, in almost thirteen years of active business in the real estate line, that we have not met one Clarksburg person who has ever made a dollar on the purchase of city real estate outside of Clarksburg. On the other hand, we know that at least 90% of all the people who have purchased property in Clarksburg and vicinity have made profits on every dollar's worth purchased.

The purchase of real estate is so good in Clarksburg that even though it comes to a sale of properties before the Court House they usually bring the purchase price and more.
